THURSDAY MORNING IFR M 1881 MAKING CARINETS

We have to les rather more than il 1 s and unber of contradictory reports boot Prost dent framel I semblant. Work i this brocker does credit a the industry i the political soothsavers and prophets if not a tear intel-ingenic. All sum to sore that Mr. Blaine is to be secretary of state but upon us differ as Tibe un establity taskes it 4p parent that One Carbold has not been talking.
Otherwise the explirers of this great secret would be reaching as taked and common of a lust a tract to they are obliged to realist their states daily and nobody knows what they

Presidents have differed errection their adday of a meet making. In the trace of the fathers were made that the second that th

neumant vaccine recasis increase that the vice solution it is forming that will enfer e those provident (Mr. Hamin) was permitted by Mr. puri islow historiever the conduct of the corpo-Lincoln to name the cabinet member alloted to rate as may seem to render at necessary. But New England and thus Mr. Welles became the proper of the state if a model should be serveretary of the many Mr. Calch Smith of serviced above with the state of a model of the state of the stat the most prominent of the western members of vent its abuse in turn congress, and who had rondered important aid as a delegate in su uring Mr. Linus is a nomination was made scoretary of the interior This we are told, was deemed an honorable edomption of the promise of 'recognition

strengthened his party. Who Gen Garfield will do we shall soon learn but there i ierson, to believe us a leading journal of his state diplomatically phrases it, that he will not at tempt the feat of evolving a cabir at by the on orgetic exercise of his own faculities of dis-covery. If he attempts to come hate all in-terests and to satisfy all great landers now erthicless it is hardly probable be will go to such an extent in that direction as to dissains tv lumself. He is one who apparently do me it essential to have the approval of his own

SUGAR REVENUE AND PROTECTION society of extreme protectionists whose head quarters are at Philacelphia | publishes a Weekly Bullohn to set forth to the country the alleged advantages of a system designed and maintained for the purpose of increasing the prices of commodition to consumers up to a point which forbids foreign importation ad an article on Sugar Supp , and Bovenue ' in which it co stance he denounced the receprocity troaty with Hawaii as a scheme which takes a million dollar; year ly out of the treasury of the United State and at the same time increases the prec of sugars to every consumer in the Pacific states and its pretensions, knows nothing alout the pren-liar condition of the sugar busines on this ceast and moreover does not know what free trade nations. Lugar nothing alout the neen those islands free of duty. But the supply at the islands is wholly controlled by a combina tion in San Francisco It is not sufficient, nowever for the consumption of our Pacific mainder must be had from other so irces. But this San Francisco ring since i has the prodigious advantag of getting so large a supulv the whole coast, and to grush a l attempts at competition. The consequence is that the government loses the duty while the price of sugars to the consumer has been actually advance! Again the principle known as free tistic does not contemplate the total removal of Antres Such a result would not be practi-

studies of the well enough to much soever their or, to may attempt to dispute their

their organ may attempt to disgues the man the property of the National Act of the Nat relations of the tart fre the comporations of a front she refer to the sorver of the Dalke-

representatives of the part. Mr. Sowerd was regulate the railreges since they can be made secretary of state and Masers Chase to replace the railreges since they can be concepted only under decrease of its severe and Cameron and Bates were also called in The power. The indications powers that a public C nominate Gazotte recalls the fact that the rice sentiment is forming that will enforce these

It is well known that the book of Morroon otherwise known as the Morinon bible was written as a religious romance by Res science in Spaulting of Washington countr make on the spot by an intimate judicial (if not judicious) friend of he nom held (inclusive Of course the Mormon press the Then the south we represented—fifter a cortain fashich—by the Wysoria has recently been holding forth at appointment of Mostgonjery Blay of Mury land as it were a sop to the Fremont interest that having been in 18.6, [wlatter gumine relation at I that by which in ever they were afterward) the third supporture of the nomination which prived misuccessful in the nomination which prived misuccessful in the nomination which prived misuccessful in the supporture of the nomination which prived misuccessful in the nomination of the formula of the supporture of the nomination which prived misuccessful in the nomination of the formula of the supporture of the nomination which prived misuccessful in the nomination of the supporture of the formula of the supporture of the support of the supporture of the supporture of the supporture of the su made untile spot by an intimate judicial (if not judicious) friend of he nom held (inclusive Of course the Wormen press) there. Then the south we represented—after a cortain fashion—by the Wisperk is a recently been holding for the actions. they were intervant the time appeared or write it is wewere a schedule of in spanish the normanist in which proved insuccessful in the reskublishment in the first republican campaign buch was the non-world procumping to it for excit patchwork of the Lincoln cabinot! It did not possible in the Mohamm has because the world were long Great made by something in the Mohamm has because it is that were long Great made by something in the Mohamm has been the world by the control of the con

were long. Grant made by own ethines in his leaver so in war his allower star. He did not that it increases to constitue the wind of the Markov so it is considered and within the construction of the Markov so it is considered and an artificial material and markov so it is considered and an artificial ment to most people, and possibly to social of the whole most general material with a social made in medical material materi and notably Mr. Coulding at one resented i repending and instead of the continuous and and no er have forgiven. And not Mr. Haves less given the country a mit tereditable they must have long sureceptualed from an ong administration which increover has greatly men by reason of the morne stupelity of their mspired t a

sta ce profess to be broking to reergan zeron of their party on a strictly free trade basis Mediungs have been held to spart the move ment with a view of a along it the principal has four 1884 So the tolengaphic reports say. But these incetings are the work of politicians who can't make a party to order. Once the ds is not oftend. It will continue an equivocal course as at has do se herotofore, evincing just enough hostility to projection to alarm the protected manufacturers and give them a weapon to use against it and vet too little sin certly as a free trade party to attract to its support those who are free tradits in princi old or who believe the present turiff ought to be modified. A democratic paper before u complains that the republicans as they will control the next congress may be expented to continue the monstressities of the present tarificiation. It would be more to the purpose to explain why the deno rats so long in contral of congress have done nothing whatever

ht Springfield Republican observes that it As these sugars come in free of the superiority of Ch h to the offer South Sulletin above referred to affects to American republics was not sufficiently mann and the position of this paper in relation fost at the contaminal exhibition we also dimensionly main thurstic extremely inconsistent v the doc De apt to forget italier ( is workmanlike manne trine of free trade. That presumply because the in which she has throttled and frounced. Pern organ of the iron and steel association with all a country of twice her population. With a people a little more numerous than it so of M seachusetts, stretched along upon the shelf of the Andes which is always threatening to The Hawaman treaty pits in all sugars from blinks them off literally not the sea Chill has on ored upon the second half century of he independence with fairly stable institutions pr stige of the first power on the Pacific donst of South America. She has gone through this not with ut drawing heavily upon her credit and will be able to pla on loan to pay the expenses under more frierable circumstances than ever before graces a 5 with American republic With Chil; we ought to cultivate in tirrate commercial relations but our tariff is not favogable to the de clopment of commer

Banstor-lest John I Maller while in New Lith has week gave he personal views on the of duties. Such a result would not be proved. It is less work gave the personal views on the cable even were it for any reason describle. Chinese question as follows. Me own views my revenue has ever been devised which on the whole is so estated only as that of leyving chitics on imports. The whole question at leving chinese no imports. The whole question at the result of the state of the meaning of the principle of the meaning of the principle of the meaning of the principle of the meaning of the state of the s laid on those articles who havell produce a clear to the wealth of the state by their labor. The venue at least cost for collection. Sugar is trust avaits ratification and the proone of these. Coffee and tea are also admirably that we Californians mest care about is the adapted to the same end though but law blun-deringly exempt them from duty. When such trot the immigration Out of this has agreed articles are taxed, the whole of the tax goes at the question whether it opens the way for the into the public treasury. It is a tax for reve nue, and is directly opposite in principle and their shode in this country. The people of the effect to a dust imposed for protection. Palific coast are opposed to instinction of The object of this last is not revenue, but pro-thibition of importations, in order to give the even by whom this treaty was drawn that no home market to a protected class abligh process such construction should be pixed upon it.
The members of the trent and steel association. The question thus suggested is one of some profiting immensely under this ystem, under importance to Californians

justice, had even the majoretime amount of the love knows no expectation, but excitation of figurity that the limits of publicities for the majoretime to the limits of publicities of the control of the limits of

## Is the Best and Most Agreeable Preparation in the World

for me crust.

There is a movement in Indianapolis to ut
down the course of study and shorten the hours
in the public-chools on the ground of the overwork of the pupil;

Mrs. Garfield's brothers will run the Mentor
tarm. As they are Ohio men, and therefore FOR CONSTIPATION, BILfarm. As they are Ohio men, and therefore eminently qualified for rur using the farm, this to be presumed that the president-elect des-ton propose to put them on the suprome berch or send them as ambassadors abroad. IOUSNESS, HEADACHE, INDISPOSITION, AND ALL AILMENTS ARISING FROM or sent them as automated automate. Miss Francos Power Ochbe intimates that women are covarily chiefy in small things; but that in great concers, where like, honor or faith is lat stake, or whole passive forthinds rather than courage is tested, they are likely as he more herein than men. AN OBSTRUCTED \$TATE OF THE SYSTEM.

. Ladies and children, and those who dislike taking pills and nauseous medicines to secure cathartic action,/are muscles are feetly developed. 
The St. Louis Fost-Disputch states editorially that decretary federate all leave Washington in April with his family, to notife down and set. Louis his permanient hemo. An Soburz intends to divide his time between looking after his Gebruan nowipaper and writing a book for Apjieton's.

Lamon B. Rower. brother of the senator from especially pleased with its agreeable qualities.

Try it or se, and you will esteem it highly as a safe, pleased, and effective coursely. Packet, in bronzed tin boxes only.

Price, 25 cents. Large boxés, 60 cents. SOLD BY ALL DRUGGISTS.
